Hello, I'm the Webmaster and PRO for the A of A.

I first got into fishkeeping when I was around five years old and I certainly made all the usual mistakes. The first fish I bred was *Micropterus dolomieu* or giant danio when I was around eight and in

By the age of twelve, I got into catfish bearers and this first gave me a more active bearers species and I need

I soon started showing fish but my main interest at heart is still maintaining rare species.

I am also training as an IKGH guppy standards judge.
